The Return of Blood Eruptions

**No Reason Why Anyone Should Suffer
Such Disheartening Experience.**

No case of poisoned blood is ever cured
until the last destructive germ has been
eliminated from the system. And the only
remedy that is assimilated in the tissues
and stimulates cellular activity to over-
come harmful germs is the famous blood
purifier, S. S. S.

The skin is but a fine network of tiny
blood vessels, and the specific action of
S. S. S. is declared by eminent authorities
to be a pronounced stimulation of the ac-
tivity of these cells.

The reason for this is in the peculiar
action of S. S. S., which enables the cells
in the skin to select from the blood the
nutrient it requires for regeneration.
Not only this, but it from the presence
of some disturbing poison there is a local
or general interference of nutrition to cause
boils, carbuncles, abscesses and kidney
troubles. S. S. S. directly attacks the local cells
that the poison is rejected and eliminated
from their presence.

This fact has been demonstrated year in
and year out in a wonderful number of
cases of severe skin eruption that had
seemed to be incurable.
You can obtain S. S. S. at any well
stocked drug store, if you insist upon it;
but be sure you are not talked into some-
thing "just as good."

S. S. S. is prepared by the Swift Specific
Co., 215 Swift Bldg., Atlanta, Ga.

GRANDMA USED SAGE TEA TO DARKEN HAIR

**She Mixed Sulphur with it to
Restore Color, Gloss,
Thickness.**

Common garden sage brewed into a
heavy tea with sulphur and alcohol
added, will turn gray, streaked and
faded hair beautifully dark and lux-
uriant, remove every bit of dandruff,
stop scalp itching and falling hair.
Just a few applications will prove a
revelation if your hair is fading, gray,
or dry, scraggly and thin. Mixing
the Sage Tea and Sulphur recipe at
home, though, is troublesome. An
easier way is to get the ready-to-use
bottle, costing about 50 cents a large
bottle at drug stores, known as
"Wyeth's Sage and Sulphur Hair Rem-
edy," thus avoiding a lot of fuss.

While wispy, gray, faded hair is
not sinful, we do desire to retain our
youthful appearance and attractive-
ness. By darkening your hair with
Wyeth's Sage and Sulphur, no one
can tell, because it does it so natu-
rally, so evenly. You just dampen a
sponge or soft brush with it and draw
this through your hair, taking one
small strand at a time; by morning
all gray hairs have disappeared, and,
after another application or two, your
hair becomes beautifully dark, glossy,
soft and luxuriant.—Advertisement.

BRIDGE

**Committee of Councilmen and
other Citizens is Appoint-
ed by Mayor Cole.**

There is assurance now that a fine
steel bridge or perhaps concrete will
be constructed across Elk creek at
Sixth street and that the present
Glen Elk bridge which has been
condemned as not sufficient for the
heavy traffic now over it will be re-
placed with a concrete bridge so con-
structed as to endure forever. This
assurance comes from a special meet-
ing of the city council held Thurs-
day night, attended by a number of
citizens by request of Mayor Will H.
Cole.

The subject was discussed by
members of council, the mayor and
prominent residents of the city and
an official report by a bridge expert
was read in which it was stated that
various parts of the Glen Elk bridge
were in very bad condition because
of rust.

William B. Osborn talked of the
unsafe condition of the bridge and
suggested that measures be taken to
regulate traffic over it to the extent
that heavily loaded vehicles be pro-
hibited from crossing over it.

Clarence W. Leggett suggested
that policemen be stationed on the
bridge to regulate speed.

Harvey W. Harmer suggested that
an ordinance be drafted to regulate
traffic at the bridge, to which Mayor
Cole answered that he believed his
department had sufficient police pow-
ers to regulate traffic without a spe-
cial ordinance. Mayor Cole assured
the council and visitors that police-
men would be stationed on the
bridge at once and traffic regulated.
Mayor Cole then appointed a joint
committee of council and prominent
business citizens to go into the
bridge matter thoroughly and report
what measures it deemed advisable.
It is expected the committee will
make its report not later than Wed-
nesday evening.

The committee consists of Council-
men Kearns, Barnes, Ernst, Patton
and Hoge and Citizens Virgil L.
Highland, Clarence W. Leggett,
Frank C. Gaylord, Robert Morris
and George L. Duncan with Mr.
Hoge temporary chairman.

As the county court will meet to-
morrow in special session, it is the
intention of the committee to lay the
bridge matter before that body with
the hope that the court will lend its
aid.

Mayor Cole stated that a special
levy of ten per cent would be neces-
sary to repair the present bridge and
that a bond issue would be needed to
construct a new one.

PYTHIANISM

**In This State is Growing by
Leaps and Bounds Says
Mr. Nuzum.**

FAIRMONT W. Va., Oct. 31.—Grand
Chancellor Sam R. Nuzum, of the
West Virginia Knights of Pythias,
has returned from a tour of the state.
He instituted a lodge in McDowell
county and attended a meeting of the
order at Charleston, where jewels
were presented to five members who
have been followers of Pythianism
for twenty-five years. He was present
at the meeting when the silver jubi-
lee of Huntington lodge No. 33 was
celebrated and was present at the
celebration of the birth of the Rev. Wil-
liam Gerhard, the founder of Pythian-
ism in West Virginia, and the
twenty-fifth anniversary of the Pythian
Sisters lodge in West Virginia. The
two last meetings were held in
Martinsburg.

Grand Chancellor Nuzum says that
the people of the state are just
awakening up to the fact and begin-
ning to understand what a big order
the Knights of Pythias is in West
Virginia. From every point encour-
aging words are being received and
the year of 1913 and 1914 will be far
the greatest in every way in the his-
tory of the order in this common-
wealth.

It is likely that the site for the lo-
cation of the state Pythian home
will be selected before very long.
Several splendid propositions are be-
fore the board, but as yet no choice
has been made. Each site offered
will be carefully considered and the
best interests of the order will be
served in the final determination of
a location for the home.
